SPICE OF
LIFE Sapporo
Scottsdale's Cougar Roll
doesn't pull any punches in
the spice department.

Some Like it Hot

Sapporo Scottsdale is bringing the heat this winter with its **Cougar Roll**, made with crab, avocado, cucumber and seared yellowtail, then topped with garlic butter, Sriracha and slices of jalapeño. We asked Executive Chef Stephen Stromberg, "Jalapenos? On sushi?" But he just coyly answered our question with another question: "Play it safe, or play it

spicy?!" During Sapporo's happy hour you can enjoy nearly two dozen different sushi rolls, including the Cougar, plus pleasers like crab puffs (blue crab, cream cheese and mint), poki with crisp wontons, blackened tuna lettuce wraps and calamari french fries. In other words: You bring the appetite; Sapporo will bring the sizzle. 14344 N. Scottsdale Road, Scottsdale, 480.607.1114, sapporoscottsdale.com —Marie Look
